## EXERCISE WITH STYLE

### How To Use Our Meal Plans

You can repeat the same day for several days if you like.

You can make changes within the same day. For example, you can switch Monday's lunch and dinner. Or, have the afternoon snack in the morning. But, what you can't do is switch meals from different days. For example, switch Monday's lunch for Wednesday's lunch. This can change the calorie and macro distribution for the day.

Leftovers appear "greyed out" on your planner and can be a fast and easy way to prep meals for future meals.

### Get a customized road map from me personally.

As a side note, if you're serious about taking your health and nutrition to the next level; every month I offer a limited number of 1-on-1 calls where I give you personalized insights and actionable advice.
